

Linkit Consulting GmbH now part of valantic

valantic strengthens Finance- und Controlling-Competence through Merger with Cologne-based Consultancy Linkit

Munich/Cologne (Germany), August 28, 2019: The finance- and controlling expert **Linkit Consulting GmbH** joins digitization specialist valantic. valantic thereby expands its SAP-consulting and -implementation offering for finance and controlling (SAP FiCo). Linkit, headquartered in Cologne, specializes since 2008 on SAP ERP-systems in the finance- and controlling environment. Customers of valantic profit from an even larger offering for end-to-end SAP transformation projects delivered from a single source. The merger with Linkit just after the joining of **Proc-IT** emphasizes the growth strategy of valantic.

„With Linkit we have found the perfect partner to offer our customers extensive consulting- and implementation-services in SAP and finance & controlling from a single source. The colleagues of Linkit possess a unique expertise and long-standing experience in all matters relating to IT and finance & controlling. This is impressively underpinned by an extensive customer base “, emphasizes Dr. Holger von Daniels, CEO and Partner at valantic.

valantic is one of the fastest growing IT-consulting and -services company in Europe with more than 900 employees and revenues of more than EUR 135 million and is one of the top 10 German “Mittelstand” IT-consultancies according to Lünendonk.

Founders and Managing directors are looking forward to working with valantic

The three founders and Managing Directors Guido Czampiel, Rüdiger Hoffmann and Uli Müller as well as partner Tilman von den Hoff will continue to develop Linkit. Guido Czampiel explains: „We have in recent years focused on developing SAP FiCo as the core competence of Linkit and to position ourselves as the market-leader within that segment.”

“We see the merger as a big opportunity to cement and expand that position by accessing new markets and customers together with and through valantic”, adds Uli Müller.

Rüdiger Hoffmann sums up: „Together with valantic we can now offer customers throughout Europe an extensive SAP portfolio. Furthermore, we see big potential in recruiting and employee development. This will help us accelerate our growth. At the same time, we expect to realize knowhow synergies and thereby increase our delivery quality further.”
